

ADVETIA Centre Hospitalier Vétérinaire

HIRING – Veterinary Dentist and Oral Surgeon

ADVETIA (France) is looking for an EVDC/AVDC board-eligible or board-certified (diplomate) veterinarian

ADVETIA is a specialty referral hospital with 24 hours emergency service ideally located in a nice environment, 15 kms away from Paris, close to Versailles (5 kms)

Our services include anaesthesia & analgesia, behavioural medicine, cardiology, dermatology, diagnostic imaging, emergency and critical care, internal medicine, neurology and neurosurgery, medical oncology, reproduction, orthopaedics and soft tissue surgery.

With a team of highly trained specialists, advance equipment (Helicoidal CT scan, Dental CT scan, MRI, C-arm, Ligasure, LED laser, ...etc) and experienced staff, we aim to offer the best service. Our philosophy is to provide the best care to our patients through the collaborative work of specialists and staff in a friendly and kind atmosphere.

Our great location offers easy access to forest areas as well as quick connection to Paris and Versailles by public transportation. Whether you like walking/running in the forest, shopping, visiting museum, going to opera, theater and any shows, you can have it all.

The veterinary dental and oromaxillofacial service (VD-OMFS) is unique in France. It covers a wide range of cases including traumatology and surgical oncology. We are fully equipped with two independent working stations, fixed and portable computed dental radiographic machines, 3D dent scan (DCT), rotary endodontic equipment and a vast collection of dental instrumentation, a piezoelectric oral surgery unit and a comprehensive craniomaxillofacial and mandibular titanium plate trauma repair system. The VD-OMFS is composed of a senior Dip.AVDC/EVDC veterinarian, an EVDC resident and a specialty intern.
