Equine Advanced Dental Extraction Techniques - Practical Course

DAY 1 (Thursday 5 October 2023): Lectures in Class Room (No limit to number of delegates)

09:30-10:00 Important features of dental anatomy for difficult extraction cases

10:00-10:30 Diagnostics and indications for minimally invasive extraction of cheek teeth (MTE/MITR)

10:30-11:00 Indications for dental sectioning

11:00-11:30 Incisor and canine extractions; diagnosis, indications and techniques

11:30-12:00 *Coffee break at commercial area*

12:00-12:45 Radiography, advanced imaging (CT and MRI) and oroscopy to plan extraction on difficult cases

12:45-13:15 Techniques of minimally invasive extraction of cheek teeth (MTE/MITR)

13:15-14:30 *Spanish local cuisine lunch*

14:30-15:15 Alternative extraction techniques for difficult cases. Use of picks and sectioning/fractioning techniques

15:15-15:45 Alveolar packing and post-operative management

15:45-16:15 Complications of dental extraction and its management

16:15-17:15 Discussion on difficult cases and round table

Both theoretical and practical lectures
will be only in English

Equine Advanced Dental Extraction Techniques

Practical Course

DAY 2 (Friday 6 October 2023): Practical exercises in laboratory with cadáver heads (Limited to 16 delegates, 8 stations with 2 delegates per station)

09:00-09:15 Delegate distribution and explanation of laboratory. One adult cadaver head on each station. Each station will have a complete set of instruments to perform each exercise and a DR XR system each 2 stations. At the beginning of each exercise a video will explain the exercise.

09:15-10:15 Exercise 1 Incisor and canine extraction technique

10:15-11:30 Exercise 2 MITR technique

11:30-12:45 Exercise 3 Selected exercise on difficult oral extraction

12:45-14:00 Spanish local cuisine lunch

14:00-15:15 Exercise 4 Third molar extraction

15:15-17:30 Exercise 5 Sectioning/fractioning of premolars and molars

OUR SPEAKERS

Neil qualified from Bristol University in 2004 and after a brief period in mixed practice embarked on an equine only career starting with an Equine internship at Liverpool University and surgical residency at the University of Edinburgh where he worked under the guidance of Safia Barakzai and Professor Paddy Dixon. At Edinburgh he gained the RCVS Certificate in Equine Soft Tissue Surgery and an MSc by Research on post extraction tooth drift. He re-joined Liverpool University in 2010 as a surgery clinician, setting up an advanced dentistry service including standing CT. He achieved a European Diploma in Equine Surgery in 2012 and Equine Dentistry in 2014. He joined Three Counties Equine Hospital, Tewkesbury in 2015 where he provided both an in-house and peripatetic advanced dentistry and surgery service. In 2023 he setup his own private consultancy service providing advanced dentistry and surgery services to selected clinics in the UK. He is interested in all aspects of equine surgery and advanced dentistry and lectures nationally and internationally on these subjects.

Neil Townsend, MSc, BVSc, Cert ES (ST), DipECVS, DipEVDC (Eq), MRCVS, RCVS Specialist in Equine Surgery, RCVS Specialist in Veterinary Dentistry (Eq)

Richard Reardon, BVetMed (Hons), MVM, PhD, Cert ES (Orth), DipECVS, DipEVDC (Eq), MRCVS. European Specialist in Equine Surgery and Dentistry

Richard qualified from the Royal Veterinary College in 2004 and worked in mixed practice before undertaking an equine internship in Newbury. He then did a surgery residency followed by a PhD at the University of Glasgow, after which he moved to the University of Edinburgh in 2012. At Edinburgh Richard expanded his enjoyment of equine dentistry while running the dental and soft tissue surgery services, initially with Professor Dixon, then latterly on his own. In 2018 Richard obtained his diploma from the European College of Veterinary Dentistry and has actively been involved with the college (current equine secretary) and in training residents since then. Richard enjoys the challenges of equine dentistry and surgery, in particular the ability to help treat painful conditions. He also enjoys research related to equine dentistry and surgery and has numerous publications in the field, with research ongoing. Richard has presented internationally and continues to enjoy teaching on practical courses. Richard joined the Equine Dental Clinic in April 2022; based in Edinburgh he runs the Scotland and North of England referral service in advanced dentistry for EDC.

Equine Advanced Dental Extraction Techniques - Practical Course

REGISTRATION FEES:

Lectures 5 October *(No limit to number of delegates)*

Members AVEE and AVEE Juniors and UniZar studentes: 250 € (Before 10 September 2023), 450 € (From 11 September to 2 October)

Residents EVDC and ECVS, AVEEC and FEEVA: 350 € (Before 10 September 2023), 450 € (From 11 September to 2 October)

Veterinarians: 450 € (Before 10 September 2023), 550 € (From 11 September to 2 October)

Laboratories 6 October *(Limited to 16 delegates, 8 stations with 2 delegates per station)*

Members AVEE and AVEE Juniors: 850 € (Before 10 September 2023) 1050 € (From 11 September to 2 October)

Residents EVDC and ECVS, AVEEC and FEEVA: 950 € (Before 10 September 2023) 1250 € (From 11 September to 2 October)

Veterinarians: 1200 € (Before 10 September 2023) 1500 € (From 11 September to 2 October)

How to complete registration:

Registration for Day 1 and Day 2 must be done separately; delegates must have registered for Day 1 to be able to register for Day 2.

Register by sending an email to oficina@avee.es including: name, email, phone and any dietary requirements. State program you select (Lecture only or both Lecture and Practical). Attach the bank transfer receipt.

Bank transfers to: Bank: CaixaBank Account holder Assoc. Vet Especialista en Equidos AVEE

IBAN ES7421002143690200456487 (BIC/AVA/SWIFT:CAIXESBBXXX)

In the transfer description/reference include: "Odontology 2023 and last name". The practical program is limited to 16 delegates which will be filled in a first come first served basis. If the program is full, AVEE will contact those registered after the program is full and the registration will be refunded.
