

Small Animal Dentistry Consultant

Part-Time (Freelance)

Zoetis Global Diagnostics

OVERVIEW:

Zoetis Global Diagnostics are currently seeking an additional board-certified veterinary dentist to join our team on a part-time (freelance) basis to provide consulting services to our customers and support our growing caseload. The consultant will be required to provide small animal dentistry advice to Zoetis Diagnostics customers via email. This may include providing advice on the next diagnostic steps for cases and advising on case management. Hours can be flexible to accommodate your schedule.

RESPONSIBILITIES:

- Provide small animal dentistry advice by email to customers.
- Work alongside other boarded specialists across the world to provide advice to customers in various global markets.
- Foster a positive, collaborative relationship within the Zoetis team and with our customers.

LOCATION: Anywhere, remote (working from home)

QUALIFICATIONS: EVDC or AVDC diploma

KNOWLEDGE AND EXPERIENCE:

- Excellent organizational and interpersonal skills
- Excellent written communication skills
- Experience with Microsoft Office and other basic computer skills
- Professional working proficiency in English is required
