

European Veterinary Dental College Training, Credentialing and Exam document

Approved Training Programs

1 Introduction

- 1.1 Individuals applying for admission to the European Veterinary Dental College (EVDC) are required to have completed an Approved Training Program that provides them with comprehensive in-depth knowledge of the specialty (veterinary dentistry, oral pathology, and oral surgery) and supporting disciplines.
- 1.2 During this programme Applicants are referred to as Residents. Once the credentials application package has been reviewed and found to be satisfactory, applicants are referred to as Candidates, which means they are eligible to sit the EVDC entrance examination.
- 1.3 Approval by the EVDC must be obtained before commencing a training programme.

2 Critical Standards for Admission to Membership

2.1 Education, Training and Experience

To undertake training for the College entrance examination, all candidates must meet the following criteria:

- 2.1.1 The applicant must be of high ethical, moral, and professional standing.
- 2.1.2 The applicant must be a veterinarian that graduated from an accredited European school of veterinary medicine or be a graduate of an equivalent non-European educational body recognized by the EVDC unless relieved of this obligation by the EVDC Executive Committee.
- 2.1.3 Be qualified to practice veterinary medicine in Europe.
- 2.1.4 Shall have spent a minimum of 1 year in a rotating internship or equivalent as approved by the Credentials Committee.

3 Completion of a Standard or Alternative Residency

- 3.1 Individuals applying for admission to the European Veterinary Dental College (EVDC) are required to have completed an Approved Training Programme that provided them with

- 3.2 Approval by the EVDC must be obtained before commencing a training programme. An EVDC Training Programme may be either a Standard Residency (based at a Specialist Centre with full-time on-site supervision by the Residency Director), or an Alternative Residency (a part-time training programme undertaken at either a Recognized Training Centre or Specialist Centre with the part-time on-site or off-site supervision of a Supervisor).
- 3.3 During this programme, Residents are referred to as Standard Residents or Alternative Residents depending upon the type of training programme. Once the credentials application package has been reviewed and found to be satisfactory, Residents are referred to as Candidates that are eligible to sit the EVDC entrance examination.
- 3.4 Alternative Residents are responsible for developing and funding their own training programmes in collaboration with a Diplomate of the European Veterinary Dental College (EVDC) who has agreed to act as their Supervisor.
- 3.5 In EVDC Standard Residency programmes, the EVDC Diplomate responsible for overseeing the training program at a Specialist Centre is called the Residency Director. Residency Directors are responsible for setting up, funding, and monitoring the Standard Residency program.
- 3.6 Direct supervision is defined as: The Residency Director / Supervisor and Resident are present at the Specialist Centre in which both the EVDC Diplomate and Resident are on duty, interactively and concurrently managing patients.
- 3.7 All training programs at which training is undertaken, are assessed annually. Each year all Residents must submit a detailed Annual Report to the EVDC on the training they have undertaken and experience they have obtained, outlining their plans for the forthcoming year. ([Link to 2-EVDC EdC review form for annual report document](#)).
- 3.8 Supervisors and Residency Directors must also submit an Annual Review for each Resident ([Link to 3-Supervisor annual review form](#)).
- 3.9 The EVDC charges a fee to cover administration costs involved in annual assessment of training programs ([Link to Fees & Payment](#)).

4 Approved Training Programs: Terms & Conditions

- 4.2.2 The programme should provide a review of the basic sciences of veterinary medicine as they pertain to dentistry, oral pathology, and oral surgery.
- 4.2.3 The programme should provide formal instruction through attendance at dedicated courses of instruction, scientific meetings, and seminars.
- 4.2.4 The programme should provide extensive supervised practical experience while in clinics, the dental laboratory and dental operator.
- 4.2.5 The programme should provide hands-on experience using a comprehensive range of dental products and instrumentation.
- 4.2.6 The programme should provide opportunities to receive tuition from a range of Supervisors so that the Resident is exposed to varied opinions and practices.
- 4.2.7 The programme should provide opportunities for the resident to make case presentations and actively participate in clinical discussions and case conferences.
- 4.2.8 The programme should provide opportunities for clinical and research presentations at scientific meetings and publications in the veterinary and other scientific literature.
- 4.2.9 The programme should provide opportunities to instruct others while engaged in veterinary dental activities.
- 4.2.10 The programme should assist the Resident in preparation of the credentials application package.
- 4.2.11 The programme should provide the Resident the opportunity to gain the knowledge base required to pass the EVDC entry examination.
- 4.3 Definition of working time
- 4.3.1 One year is 12 months.
- 4.3.2 One month is 4 weeks.
- 4.3.3 One week is 5 days (40 hours).
- 4.3.4 One day is 8 hours.

4.4 Facilities and equipment requirements for an Approved Training Program

The European Veterinary Dental College is incorporated under the laws of the United Kingdom as a non-profit educational organisation:

Company registration no.: 06950998

Company address:

European Veterinary Dental College Limited
82B High Street, Sawston, Cambridge, CB22 3HJ

The EVDC and its Diplomates are recognised by the European Board of Veterinary Specialisation.

4.4.1 requirements

Location

- 4.4.1.1 Approved Training Programs must be based at one or more Recognized Training Centres.
- 4.4.1.2 At least 80% of the clinical training must be obtained at Recognized Training Centres.

4.4.2 Requirements for Training Centre recognition by the EVDC

4.4.2.1 The Centre must fulfil the definition of a Recognized Training Centre ([Link to 7-Assessment Form for Approval of a Training Centre](#))

Seeking approval of a Training Centre is the responsibility of Residents, Supervisors and/or Residency Directors.

4.4.2.2 The Centre must have sufficient veterinary and appropriately trained staff to handle the Centre's case load.

4.4.2.3 The Centre must be located within a building of suitable size and design to handle the Centre's case load.

4.4.2.4 The Centre must be adequately equipped for provision of specialist-level veterinary services.

4.4.2.5 Direct or internet access with reprint and borrowing facilities to an academic or equivalent library must be available from the Centre.

4.4.2.6 An application for approval of an EVDC Training Centre and a detailed description of the Centre's facilities and equipment, including photographs, as outlined in the Training Centre Approval application, must be submitted for each Training Centre.

For already approved Training Centres only the application form and the letter of approval of the Training Centre need to be submitted.

4.4.3 Requirements for approval as a Specialist Centre

4.4.3.1 The Centre must fulfil the definition of a Recognised Training Centre as outlined in Assessment Form for Approval of a Training Centre

The European Veterinary Dental College is incorporated under the laws of the United Kingdom as a non-profit educational organisation:

Company registration no.: 06950998

Company address:

European Veterinary Dental College Limited
82B High Street, Sawston, Cambridge, CB22 3HJ

The EVDC and its Diplomates are recognised by the European Board of Veterinary Specialisation.

4.4.3.2 A Diplomate of the European Veterinary Dental College (EVDC) must work at the Centre on a full-time basis.

- 4.5 Approved Training Program case load requirements
- 4.5.1 There must be a broad range of case procedures covering all disciplines of veterinary dentistry, oral pathology and oral surgery.
 - 4.5.2 The chronological case log must consist of a minimum number of at least 500 case procedures for all approved training programs, with specified minima for certain categories (Minimum Required Case Load, MRCL). ([Link to Case Log Instructions](#)) The chronological case log and MRCL log must be logged online in veterinary dental Document Management System, (DMS).
 - 4.5.3 Medical and dental records, radiographs, models etc. for all cases listed in the Minimum Required Case Load (MRCL) log must have been reviewed within a year of the date for the procedure by an EVDC Diplomate; a MRCL Diplomate Assessment Form is generated via vet.dent DMS and must be completed before the procedure can be included in the MRCL log ([Link to Supervisor MRCL Assessment Form](#))
- 4.6 Approved Training Programs, duration, titles and supervision
- 4.6.1 An EVDC Training Program can be classified as:
 - 4.6.1.1 Standard Residency
 - 4.6.1.2 Alternative Residency
 - 4.6.2 An EVDC Standard Residency Program:
 - 4.6.2.1 Is a full-time approved Training Program.
 - 4.6.2.2 Is based at a Specialist Centre. While most of the training and experience should be obtained at this Specialist Centre, it is appropriate that clinical training is also performed at other Recognized Training Centres.
 - 4.6.2.3 Is supervised full-time by one or more practicing EVDC Diplomates who are readily available to meet with the Resident in person on a frequent (normally daily) basis.
 - 4.6.2.4 Approved Standard Residency Training Programs require a minimum of 36 months dedicated to the full-time training program.

A minimum of 108 weeks of the training program must

be directed to clinical training in the specialty, of which at least 76 weeks must be directly supervised by an active EVDC Diplomate.

Up to 36 weeks of a 36-month training program may be spent pursuing non-clinical training activities.

4.6.2.5 Appropriate designation

Resident, Veterinary Dentistry

Resident, Department of Veterinary Dentistry

Resident, Dentistry Service

4.6.3 An EVDC Alternative Residency Program:

4.6.3.1 Is a part-time approved Training Program.

4.6.3.2 Is based at a Recognized Training Centre or a Specialist Centre.

4.6.3.3 Has part-time or full-time supervision by one or more practicing EVDC Diplomates who are either readily available to meet with the Resident in person or are easily contactable by telephone, fax and/or e-mail.

4.6.3.4 Approved part-time Training Programs (Alternative Residency) may be undertaken providing that 50% or more of the residents working time is devoted to the training program. Part-time training programs require a minimum of 3 years dedicated to the training program, following approval. Part-time Training programs can have a maximum duration of 6 years. Therefore, the case logs submitted for credentialing can only include case procedures performed during the last six years, and all requirements must be met during the last six years of the training program. At least 80% of the training must be undertaken at approved training centres.

4.6.3.5 Includes 86 weeks of visitation and direct supervision by an EVDC Diplomate, ideally arranged in blocks of no less than two weeks in length and a minimum of four weeks per year.

The European Veterinary Dental College is incorporated under the laws of the United Kingdom as a non-profit educational organisation:

Company registration no.: 06950998

Company address:

European Veterinary Dental College Limited
82B High Street, Sawston, Cambridge, CB22 3HJ

The EVDC and its Diplomates are recognised by the European Board of Veterinary Specialisation.

Out of these 86 weeks (430 days, 3440 hours), a

maximum of 8 weeks (40 days, 320 hours) can be approved attending hours in practical training supervised by an EBVS approved EVDC diplomate during continuing education courses.

Furthermore, a maximum of 2 weeks (10 days, 80 hours) can be approved as direct supervision, when the resident is working as a co-instructor in practical sessions together with an EBVS approved EVDC diplomate.

Lecturing, attending lectures (other than specified above) and discussion groups does NOT count as direct supervised hours.

4.6.3.6 Appropriate designation

Alternative Resident, Veterinary Dentistry

4.6.4 Levels of supervision

4.6.4.1 Direct supervision requires the presence and active involvement of the supervising Diplomate during consultations and procedures.

4.6.4.2 Indirect supervision requires that the supervising Diplomate is aware of the activities of the Resident and is available, directly or indirectly, to give advice when requested by the Resident.

4.7 Outline of Approved Training Programs.

4.7.1 Specialist Hours: Supervision must be performed by an EBVS recognized Diplomate of the appropriate specialty college.

4.7.1.1 Anaesthesiology: 40+ hours

4.7.1.2 Diagnostic imaging: 40+ hours

4.7.1.3 General and oral surgery: 40+ hours

4.7.2 A maximum of 25% (36 weeks) of time in a training program can be devoted to non-clinical activities.

4.7.2.1 Obtaining additional relevant knowledge and skills.

The European Veterinary Dental College is incorporated under the laws of the United Kingdom as a non-profit educational organisation:

4.7.2.1.1 Scientific reading
(Residents are expected to devote personal time to reading in addition to any training program time spent on reading).
([Link to recommended reading list](#))

4.7.2.1.2 Attending national or international level continuing education courses, seminars, conferences and/or scientific meetings related to veterinary or human dentistry, and related basic or clinical sciences.

4.7.2.1.3 Performing procedures on models and cadaver material.

4.7.2.1.4 Participating in a graduate program.

4.7.2.2 Performing research.

4.7.2.2.1 Scientific studies.

4.7.2.2.2 Clinical investigations.

4.7.2.3 Writing, presenting and teaching.

4.7.2.3.1 Preparation of required manuscripts.

Residents must have published or have received acceptance for publication as first author, two scientific papers on veterinary dentistry, oral pathology or oral surgery in a peer-reviewed journal during the training program. These materials can be submitted to the Credentials Committee for pre-approval during the training program.

In special cases, the acceptance of publications can be postponed to after the entry exam, see section 6.7.2 for details.

For further details on the publications, see supporting document: ([Link to Credentials Committee and Education Committee Recommendations for the EVDC Board about required published papers TBC](#))

4.7.2.3.2 Preparation of other manuscripts.

The European Veterinary Dental College is incorporated under the laws of the United Kingdom as a non-profit educational organisation:

The EVDC and its Diplomates are recognised by the European Board of Veterinary Specialisation.

4.7.2.3.3 Preparation of presentations.

4.7.2.3.4 Giving presentations.

4.7.2.3.5 Teaching.

4.7.2.4 Preparation of case logs. The chronological case log must consist of a minimum number of at least 500 case procedures, with specified minima for certain categories (Minimum Required Case Log, MRCL). The chronological case log and MRCL log must be logged online in the college document managing system (DMS). ([Link to Case Log Instructions](#))

4.7.2.5 Residents must submit sets of full-mouth series dental radiographs of an adult dog and an adult cat as part of the credentials application package. ([Link to Radiograph Set Information for Submission](#)) ([Link to Radiographic Dental Set Template, Radiographic positioning Dog and Cat, Radiographic Submission Requirements Dog and Cat. TBC](#))

The radiograph sets of an adult dog and an adult cat must be submitted within the first year of a training programme and these must be approved by the Credential committee within the second year of the training programme. If one or both radiograph sets are not approved within two years, the training programme will be set on hold until the radiographs have been approved. The resident will not be permitted to log cases, log supervision time or submit any other credential requirements while the programme is placed on hold.

4.8 Annual report

The European Veterinary Dental College is incorporated under the laws of the United Kingdom as a non-profit educational organisation:

Company registration no.: 06950998

Company address:

European Veterinary Dental College Limited
82B High Street, Sawston, Cambridge, CB22 3HJ

The EVDC and its Diplomates are recognised by the European Board of Veterinary Specialisation.

4.8.1

Training programs are reviewed annually. The annual review form must be submitted via the college document managing system (DMS) to the Educational Committee by the deadline given in the EVDC important dates and deadlines document every year of the residency, unless a credential package is to be submitted that year. ([Link to 2-EVDC EdC review form for annual report document](#)) ([Link 6-to Important Deadlines Document](#))

The Annual Report with its supporting documents must be uploaded as one PDF-file via DMS. The College's Secretary will then automatically be notified, and the documents will be made available to the Education committee. The results of training reviews are expected within 3 months. If a Resident will be unable to meet the deadline, the Resident may submit to the Secretary prior to the deadline a written request for a one-time 60-day postponement, which is to include the reasons for the requested delay and an accompanying letter from the Supervisor or Residency Director supporting the request. Examples of acceptable reasons for an extension include family deaths or medical problems. Residents who intend submitting a credentials application package are not required to submit an annual report that year but must inform the EVDC Secretary by the deadlines outlined in the EVDC important dates and deadlines document.

4.8.2

Documents required in the annual report:

4.8.2.1

The Annual Report should begin with an Index page.

4.8.2.2

Application for annual assessment. ([Link to Annual Assessment Report TBC](#))

4.8.2.3

Evidence of payment for annual assessment. The fee is payable to the EVDC bank account (all banking fees to be paid by the resident) ([Link to EVDC fees and payment](#))

4.8.2.4

Resident's Self-Assessment Report signed by Supervisor or Residency Director, including any details of any changes which have affected the training program, and/or details of any intended changes to the training program, in particular those necessary to make up for a deficit in the previous years' training.

4.8.2.5

An updated curriculum vitae (use layout provided on the EVDC web site). ([Link to Curriculum vitae Template](#))

4.8.2.6

Approval of any new / additional Training Centres.

4.8.2.7

Chronological MRCL case log, categorised case logs and cadaver case log for the previous 12 months as specified in

4.9 Monitoring of EVDC training programs

4.9.1 EVDC

4.9.1.1 The responsibility for assessment and monitoring of training programs is delegated to the EVDC Education Committee and the EVDC Credentials Committee as outlined in the Bylaws.

4.9.1.2 All correspondence regarding training programs must be sent to the EVDC Secretary via DMS and addressed for the attention of the EVDC Education Committee or the EVDC Credentials Committee.

4.9.1.3 The EVDC may alter training program requirements at any time but major changes are not effective retrospectively. Residents will be required to amend their programs to conform to the requirements current at the time of annual assessment of their training programs. Any changes made by the EVDC will be to comply with the requirements of the EBVS.

4.9.2 Program supervision

4.9.2.1 All approved Training Programs must be supervised by an EVDC Diplomate who has accepted responsibility for:

4.9.2.1.1 Overseeing the program.

4.9.2.1.2 Providing a defined portion of the clinical training.

4.9.2.1.3 Monitoring the progress of the Resident during the training program.

Load (MRCL) review forms.

- 4.9.2.2 Supervisors and Residency Directors must be actively involved in the tuition of Residents.
- 4.9.2.3 A supervisor shall have no more than two (2) residents; in exceptional cases three (3) such residents can be allowed for a restricted period.
- 4.9.2.4 Direct supervision of Residents should be performed whenever possible by the Supervisor or Residency Director. However, other EVDC Diplomates may be delegated to perform some of the direct supervision.
- 4.9.2.5 The Supervisor or Residency Director must ensure that the Resident provides information regarding all clinical work and training activities that are not directly supervised.
- 4.9.2.6 The Supervisor or Residency Director must evaluate and approve the Resident's records and reports on a regular basis, and without undue delay. If records and reports are inadequate, the Resident should be given guidance on the measures needed to obtain approval.
- 4.9.2.7 The Supervisor or Residency Director should check all records and reports of the Resident.
- 4.9.2.8 The Supervisor or Residency Director must submit an annual review of the Resident's progress and conformity via the College document managing system (DMS) that must be received by the appropriate deadline [\(Link to Important Deadlines Document\)](#)
- 4.9.2.9 At the completion of the training program, the Supervisor or Residency Director must send a letter documenting the satisfactory completion of the training program directly to the EVDC Secretary that must be received by the appropriate deadline.
- 4.9.3 Standard and Alternative Residents
 - 4.9.3.1 All Residents must ensure that they are on schedule with their training program. If problems arise, they should be discussed with the Supervisor or Residency Director.
 - 4.9.3.2 All Residents must keep full, accurate and appropriate records of all clinical and non-clinical training activities.

The EVDC and its Diplomates are recognised by the European Board of Veterinary Specialisation.

4.9.3.3 All Residents must keep their Supervisor or

Residency Director informed of their activities and present their records (including materials for MRCL case review) and reports for assessment on a regular basis. For Alternative Residents, suggested intervals for reporting are:

* Weekly - verbal reports at a case conference, or a brief written report

* Monthly - written report including the relevant section of the case log

* Quarterly - formal assessment report by Alternative Resident and Supervisor

4.9.3.4 All Residents must keep detailed records of the visitation time with their Supervisor or other EVDC Diplomates.

Credentialing Information and Application for Membership

5 Introduction: Requirements for entry to the EVDC

Entry to the European Veterinary Dental College (EVDC) is by favourable review of the applicant's credentials and successful completion of the EVDC entry examination. Applicants will only be admitted to the EVDC examination after they have produced satisfactory evidence that they have met the credentials requirements. For exceptions to the above, please refer to the Constitution of the EVDC, Section 4.2

5.1 Credentials requirements

5.1.1 The applicant must have completed an EVDC Residency Programme.

5.1.2 The applicant must be of high ethical, moral and professional standing.

6 Application procedure

Submission of the credentials application package will be on the College Document Management System (DMS)

6.1 All correspondence and documents must be in English or accompanied by an English translation.

6.2 Please refer to the EVDC important dates and deadlines document for details of the submission deadline for Credentials Application Packages.

6.3 Incomplete applications will not be assessed. In such situation the application fee will not be returned, and a supplemental fee will be payable before another application will be assessed.

The European Veterinary Dental College is incorporated under the laws of the United Kingdom as a non-profit educational organisation:

Company registration no.: 06950998

The documentation must include copies of dental, medical and anaesthetic records plus associated documentation and their English translation/summary (if applicable), including radiographs and clinical pictures.
- 7.3.2 The EVDC Secretary must receive all requested materials and documents from the six cases via DMS or by email within 10 days following the date of request.
- 7.3.3 Additional case documentation or clarification of aspects of the Credentials Application Package may also be required before the final evaluation of the package.

8 Outcome of the review process

- 8.1 Applicants are notified of the outcome of the Credentials Application within three months of the submission deadline.
- 8.2 Successful applicants will be given details of the next EVDC entry examination and will be addressed as "Candidates" from there-on until the successful passing of the EVDC entry examination.
- 8.3 If an application has not been approved, the applicant will be informed of the right to appeal the decision.
- 8.4 The Credentials Committee may, at its discretion, request clarification if there are specific issues that prevent approval of a set of radiographs. A final decision will be withheld until the applicant's response to the request for clarification has been received.
- 8.5 Resubmission of a non-approved set of radiographs is not permitted unless specifically requested by the Credentials Committee.
